Dear Merkaz Students and Families,

The faculty and I welcome all of our new and returning students to Merkaz as we begin our 45th year of serving the Jewish community. Time and again, Merkaz has been referred to as the jewel of our community. It is the clear reflection of everyone who has joined together and contributed to its growth and development - our synagogues, families, faculty, students, and our professional and lay leadership. As one community, we have committed our time and efforts to create a program that meets the needs and diverse interests of Jewish teens throughout our region. The success of Merkaz may best be measured by the students who look forward to coming each Tuesday evening and are totally engaged in renewing old friendships, meeting new people, and learning in an atmosphere that is truly rewarding and fun! This year, 5784, we are excited to offer not just the Tuesday night Classic Track but also a Flexible Track for those students whose lives and commitments make a Tuesday night challenging yet want to be a part of the Merkaz community. We have a vast and robust calendar of programmatic learning for those joining Merkaz on the Flex Track and many exciting classes to choose from for those joining us on the Tuesday night Classic Track. So, if you are new to Merkaz, join the many students in this unique opportunity to meet teens from different schools, cities and towns, synagogues, and our visiting Israeli Shaliach - Ofek.

Merkaz is the Hebrew word for “center.” Get involved and it will quickly become your center for socializing and growing as you explore your interests, beliefs, and ties to Judaism. Opportunities abound with a variety of programs and many course offerings to choose from this year. Participate in social action, community service, text study, Holocaust education, music, and more. Engage in learning about Israel, contemporary issues, leadership, and ethical dilemmas. Prepare for and strengthen your college admissions process, engage in real life experiences, and get ready as you enter a new phase of life. Through films, activities, lively discussions, debates, projects, cooking, meditation, guest speakers, community interaction, field trips, and more, your experience at Merkaz, no matter which Track you choose, will be both meaningful and relevant!

Merkaz truly offers such diverse programs and choices that there is always something for everyone! Be sure to check out all the incredible opportunities available to you in this Course Catalog that will meet your individual interests and scheduling needs.

Merkaz is an extraordinary experience that you will not want to miss!

Toda and a wonderful Shana Tova to all,

Lisa Becker
Merkaz Head of School
Merkaz Community High School for Judaic Studies provides a meaningful and relevant Jewish education that fosters a strong Jewish identity, builds character, leadership and positive values, and creates a sense of unity with the Jewish people. Merkaz has been the center (מרכז) of Jewish educational life for teens throughout Greater Fairfield County for more than 45 years.

At Merkaz:

- We explore our Jewish values and connect them to our daily lives.

- We create a bridge between the history of our people and the world today.

- We use the arts, STEM, and Judaic texts as a springboard to understanding our Judaism.

- We partner with the community to do Tikkun Olam (repair the world.)

- We grow to become confident Jewish adults that our bubbess/savtas would be proud to know.

- We encourage, cultivate, and set forth future Jewish leaders.

Better Together
Faculty: Ricka Breiner
Grades: 9-10th grade
Credits: 12 Credits

Rabbi Abraham Joshua Heschel once wrote, “A test of a people is how it behaves toward the old. It is easy to love children. Even tyrants and dictators make a point of being fond of children. But the affection and care for the old, the incurable, the helpless are the true gold mines of a culture.” In this award-winning, intergenerational program, students will visit Mozaic Senior Life in Bridgeport and develop awareness of and sensitivity towards the aging through hands on learning with the residents, as well as learn important lessons about the Jewish pillar of l’dor v’dor, from generation to generation.

Cooking
Faculty: Amy Gershberg
Grades: 12th grade only
Credits: 12 Credits

The way to any heart is through the stomach! Get to the heart of Jewish culture, traditions, and customs through cooking delicious, inventive Jewish foods. This is a double period course.

**Grades:** 10-12th grade  
**Credits:** 12 Credits

Join comic book and pop culture historian Arlen Schumer (author/designer, *The Silver Age of Comic Book Art*) as he explores the major Jewish role in the creation of the American comic book, and the superhero (and its antecedents in older, ancient myths—from the Golem to Ben Grimm), and how they sparked a 20th Century pop culture explosion, via the works of its most influential Jewish creators (artists, writers, letterers and colorists), editors and publishers. Each one-hour class will begin with a verbal/visual presentation about 15-30 minutes long, followed by discussion. The class will include a visit to Fairfield University for a lecture by Art Spiegelman on his oft-banned book, *Maus.*

The next steps after high school can be stressful and daunting to figure out. Whether you've been planning for years, this is the first time you've thought about college, or even if you're not sure that going straight to college out of high school is right for you, this course will provide information and resources to ensure you'll be making an informed decision. We'll cover topics including the college search, application essays, extracurricular activities, internships, gap years, and more. Real Talk with Rabbi Sarah Marion: Questions and Answers on Abortion

Faculty: Rabbi Sarah Marion
Grades: 10-12th grade
Credits: 12 Credits

In June of 2022, the Supreme Court overturned the constitutional right to an abortion. Since then, abortion has emerged as one of the biggest issues of our time. But what is an “abortion,” exactly? What does it mean to be “pro-choice” or “anti-abortion?” When, and why, might an abortion be necessary, and how does the procedure actually work? What guidance does Jewish tradition provide on this issue, compared with other faiths? Who is harmed the most, when access to abortion becomes limited or banned? How does reproductive justice support racial justice, LGBTQI rights, and other important Jewish values? In this class, we will examine the many layers and complexities around access to abortion and reproductive healthcare. In addition to learning from the course instructor and fellow classmates, we will explore this issue from a medical and legal perspective through films, articles, and visits from experts and guest speakers. This course offers an opportunity to explore, discuss and debate the many layers and complexities around abortion and reproductive healthcare in a safe, open, and respectful environment. Students of all identities and backgrounds are welcome and encouraged to join. In addition to class sessions, students will also have the option to engage in local and national advocacy work around reproductive justice, led by Rabbi Marion. FAQs

My child is registering for the Classic Track, but would love to attend some of the programs on the Flex Track calendar. Can they attend a Flex Track program?

- YES! Classic Track students are welcome and encouraged to attend Merkaz Flex Track programs and will be eligible to receive extra credit, excused absences, or even special honors for doing so.

My child has an extra-curricular that goes until 7:30pm on Tuesday nights, but would like to take an 8pm course. Can they?

- Yes! In this case, the student would register for the Classic Track, and would be expected to make up the 12 course credits per semester they would miss by attending Flex Track programs amounting to 12 credits a semester, or 24 credits for the year.

My child wants to attend the Classic Track, but we live far away with loads of traffic in between. Help!

- On our registration form, there will be a place to indicate if you would like to be connected with other families looking to carpool. Please fill this out and we will connect families from similar locations to help facilitate carpooling. Alternatively, you can email merkaz@shalomct.org directly to be put on the list.

My child is registering for the Flex Track, but is interested in some of the classes on the Classic Track. Can they drop-in?

- Many of the classes on the Classic Track are cumulative, but some are not! Students on the Flex Track who are interested in dropping-in are welcome to audit a class pending faculty and Head of School approval.

How can attending Merkaz benefit my child’s college application process?

- In addition to the college prep courses we offer on either track, students who graduate from both the Classic Track and the Flex Track will be eligible to receive a transcript with grades from all their classes, as well as a Merkaz diploma. Graduating high school with two diplomas is a guaranteed way to make your child’s college application stand out!

What happens if my child isn’t able to accrue enough credits due to extenuating circumstances?

- If students are not able to accrue 48 credits — either by failing to attend all of their Classic Track classes, enough of their Flex Track programs, or a combination of the two — students will be offered an independent study make-up assignment. If a student is unable to complete the assignment, they will receive partial credit for that school year.
Do you offer à la carte options for the Flex Track programs?
- No. Merkaz prides itself on being a program that fosters community. All students—Classic and Flex Track—will be required to attend all school events, including orientations and holiday celebrations in order to foster school-wide relationships and comraderies.

Can I suggest a class or program?
- Absolutely! Our Classic Track Classes are all set for this year, but we are open to adding and rearranging Flex Track programs as the year progresses. This is a pilot year, after all!

Have more questions? Email merkaz@shalomct.org.

Attendance

Regular and punctual attendance is essential for a successful experience at Merkaz. A student must accrue 48 credits over the course 2023-2024 school year to receive credit. If a student is unable to attain those credits do to unforeseen circumstances, students will be offered an Independent Study make-up assignment. If a student is unable to complete the assignment, they will not receive credit for that school year.

Students or parents MUST email merkaz@shalomct.org if they are going to be unable to attend a session with as much advanced notice. In that email, it is best practice if the student or parent indicates which make-up Flex Track program the student will attend to earn missed credits. This applies to both Classic and Flex Track students.
**Lateness**

Lateness disturbs your fellow students and faculty and should be avoided at all cost. That being said, we understand that sometimes it is unavoidable. Whenever possible, please email merkaz@shalomct.org if you know you will be arriving late. Any students arriving more than 15 minutes late to a class or program may be required to attend a make-up program.

Habitual lateness will be addressed at the discretion Head of School.

**Early Dismissal**

For the safety and security of our students, students may not leave the premises while Merkaz is in session.

Students leaving early must have permission from a parent or guardian. If a student must leave early, parents must email merkaz@shalomct.org with the time of dismissal and the name of the person picking them up, if applicable. Students will not be dismissed unless we receive explicit permission from a guardian.

Occasionally, students may be dismissed early. If parents are unable to pick-up their child, a Merkaz staff member will stay with them until retrieved.

**Student Driving and Traffic Guidelines**

Students must operate vehicles in a safe and appropriate manner, and must abide by the established parking lot traffic flow.

The Head of School has the authority to prohibit a student who violates safe driving practices from using the school parking facility.

Student drivers and parents must observe designated Entrances and Exits to and from the parking lot.

**Security**

Security will be present at each of our Classic Track campuses.

Where possible, we will have security present at Flex Track programs and events.

To inquire about the security of a specific program or event, please email merkaz@shalomct.org.
